

# CV Feedback for TECNO E-commerce Operation Intern Application

This feedback is based on a review of your current CV. The suggestions below will help align your CV with the requirements of the TECNO E-commerce Operation Intern role.

## 1. Update Your Profile Section

- Focus on e-commerce, data management, and digital platforms instead of only technical support.
- Mention interest in online sales, product management, and customer experience.
- Example improvement: Highlight skills in data entry, inventory tracking, and digital systems.

## 2. Improve Skills Section

- Add skills related to e-commerce and digital operations.
- Include Microsoft Excel (data entry, inventory tracking, reporting).
- Add Internet Navigation, Product Listing, and Basic Data Analysis.
- Mention Customer Support and Inventory Tracking.

## 3. Rewrite Work Experience Responsibilities

- Highlight sales-related duties such as assisting customers and handling transactions.
- Emphasize inventory tracking and record management tasks.
- Mention data entry and use of Microsoft Excel where applicable.
- Focus on customer service and documentation accuracy.

## 4. Add a Digital Interests Section

- Include interests such as E-commerce Platforms.
- Add Digital Marketing and Social Media.
- Mention Data Analysis and Online Customer Experience.

## 5. Remove Redundant Sections

- Keep only one section between 'Interests' and 'Hobbies'.
- Removing duplicates improves professionalism and saves space.

## 6. Optional Improvements (Recommended)

- Add any experience using Microsoft Excel, Canva, or Google Sheets.
- Include school or personal projects such as inventory tracking sheets.

- Mention any involvement in sales or online platforms if applicable.

After applying these changes, your CV will better match the TECNO E-commerce Operation Intern role and increase your chances of being shortlisted.
